

SHENAL ACHINTHA

FULL STACK DEVELOPER

✉ achinthas666@gmail.com ☎ +94710557806 📍 Trincomalee, Srilanka 🌐 shenalachintha

🌐 Shenal Achintha

SUMMARY

Full Stack Developer skilled in ASP.NET Core, React.js, and SQL Server with hands-on experience building and deploying scalable, responsive web applications. Experienced in designing secure RESTful APIs, optimizing database performance, and integrating frontend interfaces with robust backend systems. Strong understanding of the Software Development Life Cycle (SDLC), including testing, debugging, and deployment processes. Proficient in Git version control and Agile team collaboration. Passionate about delivering enterprise-grade solutions and continuously improving expertise in modern full-stack development.

EDUCATION

Chilaw Ananda National College
G.C.E Advanced Level

2021 | Chilaw, Srilanka

Eastern University of Sri Lanka, Trincomalee Campus
Bachelors of Science in Computer Science

06/2023

TECHNICAL SKILLS

- **Languages** — C# | JavaScript | Java
- **Backend Development** — ASP.NET Core | Entity Framework Core | Express.js | Node.js
- **Frontend Development** — React.js | HTML5 | CSS3
- **Databases** — Microsoft SQL Server | MySQL | MongoDB
- **Cloud & Deployment** — Microsoft Azure | Vercel | Render
- **Authentication & Data Security** — JWT Authentication | Role-Based Authorization | Secure API Design
- **Tools & Technologies** — Git | GitHub | Visual Studio/Visual Studio code | Postman | Swagger
- **Software Engineering Practices** — Agile Methodology | SDLC | Testing & Debugging | Modular Architecture | Dependency Injection
- **State Management & Data Handling** — Zustand | TanStack Query | API Integration

PROJECTS

MIS Base Solution for Mahapola and Bursery
Scholarship Disbursement

03/2026 – 05/2026

- Developed a full-stack scholarship management system using ASP.NET Core 8 Web API, Clean Architecture, and React.js.
- Built secure RESTful APIs with JWT authentication and automated scholarship eligibility verification using attendance and student validation systems.
- Designed responsive role-based dashboards using React.js, Vite, and Tailwind CSS for students, staff, and administrators.
- Implemented attendance tracking, payment approval workflows, SMTP notifications, audit logging, and SQL Server integration using Entity Framework Core (EF Core).

Full-Stack E-Commerce Platform

02/2026 – 03/2026

- Developed a full-stack e-commerce application using ASP.NET Core Web API, React.js, and Clean Architecture.
- Built a responsive frontend with React.js, Vite, Tailwind CSS, Zustand, and TanStack Query for efficient state management and optimized API handling.
- Designed secure RESTful APIs using ASP.NET Core, Entity Framework Core (EF Core), and SQL Server for product, category, and order management.
- Created an admin dashboard for inventory and order management with real-time data integration.

Pizza Delivery Application

01/2026 – 02/2026

- Developed a high-performance pizza ordering web application using React 18 and Vite, delivering a fast, responsive, and scalable frontend experience with optimized build and rendering performance.
- Implemented advanced frontend architecture with TanStack Router for type-safe navigation and TanStack Query for efficient server-state management, caching, and background data synchronization to enhance API performance.
- Built a robust, production-ready UI system featuring localization with the Intl API, real-time dynamic features, React Error Boundaries for stability, and comprehensive testing using Vitest and Playwright to ensure reliability across devices.

AI Chatbot

02/2026 – 02/2026

- Engineered a full-stack AI conversational platform using ASP.NET Core and React.js, integrating Google Gemini Pro API for real-time intelligent responses.
- Architected a scalable RESTful backend using ASP.NET Core, Entity Framework Core (EF Core), async programming, and IHttpClientFactory for optimized performance and API handling.
- Developed a responsive frontend using React.js, Vite, and Tailwind CSS with dynamic chat UI, reusable components, and efficient state management.

CETIFICATES

- **Course Completed: Building APIs with C# and ASP.NET Core**  — Frontend Masters [2026]
- **Course Completed: Complete Intro to React, v9**  — Frontend Masters [2025]
- **Introduction to Asp.net**  — Simplilearn [2026]
- **React JS for Beginners**  — Simplilearn [2025]
- **Web-Design for Beginners**  — University of Moratuwa[2025]

SOFT SKILLS

- Problem Solving
- Team Collaboration
- Communication
- Time Management
- Adaptability
